

# How to Find SpringHill Michigan

## From the East

Come north on I-175 to exit 162-B (Midland), Route 10. Go west on 10. When you pass Clare, 10 branches off and 127 N goes on up to the Mackinaw Bridge. When 10 W and 127 N split be sure to stay on 10 W (not business 10). Follow the signs toward Ludington. About 30 miles past this exit you will come into Ewart. Go through the traffic light and continue one mile to the yellow flashing light. Turn right and go 1.5 miles for the Storybrook entrance, 1.8 miles for the New Frontiers entrance, and 2.6 miles for the Copper Country entrance.

## From the West

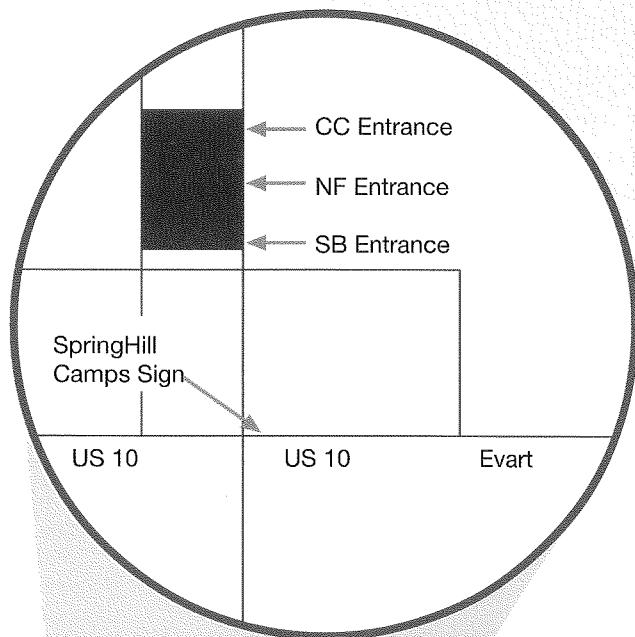

From 131 take exit 153 to Route 10 at Reed City. (Exit signs say Clare/Ludington; go toward Clare.) Travel east on 10 about 12 miles to Ewart. As you come into town the airport is on the right, and Chemical Bank is on the left. Just past the bank look for the SpringHill sign on your left and a flashing yellow light. Turn left at the light and go 1.5 miles north to the Storybrook entrance, or 1.8 miles to the New Frontiers entrance or 2.6 miles to the Copper Country entrance.

## From Central Michigan

Take 127 N to 10 West. When you arrive in Ewart go through the traffic light and continue one mile to the yellow flashing light. Turn right and go 1.5 miles for the Storybrook entrance, 1.8 miles for the New Frontiers entrance, and 2.6 miles for the Copper Country entrance.
